EDUCATION

•Indian Institute of Technology - Indore

Bachelor of Technology in Electrical Engineering

Oct. 2022 – Present

Madhya Pradesh , India

•Senior Secondary Education

CBSE Board ; GPA: 9.3/10

Aug. 2020 – May. 2022

Andhra Pradesh, India

EXPERIENCE

•Full Stack Engineer Intern

Filepillar

April 2025 - Present

- Worked as a Full Stack Engineer Intern at Filepillar, contributing to the development of a dynamic and responsive web platform used for document and company data management.
- Developed intuitive frontend interfaces using Svelte and Tailwind CSS, enhancing user experience and onboarding flows for clients.
- Integrated frontend components with a Django backend via RESTful APIs using Axios, ensuring seamless data exchange and system performance.
- Designed and implemented features for user authentication, company onboarding (including director and shareholder data), file uploads, and status tracking.
- Collaborated closely with the backend team to debug, optimize, and extend API functionalities for improved scalability and maintainability.
- Tech Stack: Svelte, Django, Axios, REST API, Tailwind CSS, Git

PROJECTS

•Wessociate

Personal project

Nov. 2023 - Dec. 2023

Github

- Created a comprehensive web application crafted to facilitate connections between investors and startup founders. This platform aimed to streamline the investment process and foster entrepreneurial growth
- Fortified platform security by engineering multi-factor authentication and encryption protocols, reducing potential vulnerabilities by an estimated 40% based on industry-standard penetration testing reports.

•News Aggregator

Personal project

Sep. 2023

Github

- Built a full-stack News Aggregator using MERN stack, implementing JWT authentication for secure access. Integrated News API, increasing user retention by 20%.
- Implemented customized user profiles, enabling personalized experiences within the application.
- Engineered a personalized news feed using a third-party API; delivered a note-taking feature that allowed 50 users to save news articles; became one of the most used features.

TECHNICAL SKILLS

- **Programming:** Python, C++, Javascript
- **Web Technologies:** HTML, CSS, Javascript, React JS, Svelte, MERN Stack, Django
- **Development Tools:** Web Security & Information Security, Git & GitHub, API Development & Integration
- **Operating Systems:** Windows, Linux*

* Elementary proficiency

POSITIONS OF RESPONSIBILITY

•Co-Head, EBSB Club, IIT Indore

Apr. 2024 - Present

•Outreach Head, COA Council , IIT Indore

Apr. 2024 - Present

ACHIEVEMENTS

- **Secured AIR 6202**, in JEE Advanced 2022, ranking in top 4% among 150,000 candidates.
 - **Secured AIR 5330**, in JEE Mains 2022, ranking in top 1% among 10,00,000 Candidates
-
